TO WHOM IT MAY CONCERN,

This is to confirm that Ajhad K successfully completed a one-month Web Development Internship at Verveox Technologies. During the internship, they worked on both front-end and back-end technologies, including HTML, CSS, JavaScript, Node.js, SQLite, and Firebase. They also learned to deploy web applications using Firebase.

Ajhad K showed strong enthusiasm, quick learning, and problem-solving abilities. We believe they have great potential as a web developer and will be an asset to any team.
